## *Alyeska Resort – The Hotel Alyeska*

*Experience luxury accommodations with modern touches and rich Native heritage surrounded by unspoiled Alaskan wilderness*

### **Hotel Highlights**

The Hotel Alyeska first opened its doors to guests in 1994. Today, the chateau-style hotel set in a lush valley surrounded by mountain peaks, hanging glaciers and ocean views is coming into its own.

Overall, the underlying design concept revolved around integrating Native elements and themes unique to Alaska. The focus was to introduce warm, organic elements to the interiors and to bring the natural beauty outdoors inside. The guest rooms feature Alaska Native artwork from respected turn-of-the-century photographer and artist Edward Curtis. In the hotel entrance and throughout the public areas, a new collection of Native Alaskan artwork is on display. The artwork features Native artists Larry Ahvakana and Percy Avugiak. Ahvakana is most famous for his Inuit or Inupiaq figures and animals sculptured from wood, alabaster, marble, glass, ivory and cast in bronze or other metals. Avugiak's work reflects his village life and experiences throughout parts of Alaska.
